

# COMBO CARTS™ & HEAT KEEPERS

## Combo Carts

Hold either menu items baked on sheet pans or cooked in hotel pans by easily adjusting aluminum rails. Save time by loading your Combo Cart right from the oven. The rotationally molded polyethylene body provides long-lasting good looks. Thick foam insulation and an air-tight gasket seal ensure that your Combo Cart will retain heat for hours without the expense of external heating sources. Doors swing open to the side of the cart so they will be completely out of your way. Molded-in full length handle is located on the back for easy maneuvering. Even after constant steam cleaning, the Combo Cart won't rust, peel or dent.

Colors: Gray (180), Dark Brown (131).

Casters: 5", 2 swivel with brakes & two 10" Wheels.

\* Complete with tamper-resistant hardware for maximum security applications.

CMB1826

CMB1826L

Capacity: Each compartment holds up to 12 ea. full size 2½" deep Food Pans (2 pans per rail).

# ICON DIRECTORY

Throughout the Cambro catalog, find the following easy to identify icons to help explain Cambro product features or services.

## STORESAFE®

Cambro is committed to providing food service operators with products to help meet HACCP guidelines.

- Cambro food storage products are designed to help keep food fresh and reduce cross contamination.
- Camshelving® is easy to clean to provide a sanitary storage area.
- Cambro catering and merchandising equipment maintain food temperatures to safely hold and transport food.
- The closed wall design of the Camrack® Warewashing and Storage System allows glassware to be stored in an enclosed sanitary place.

Look for the Cambro StoreSafe® mark throughout the Cambro catalog to identify Cambro storage and transportation products that help ensure safe food handling.

Store and Transport  
Food Safely
