

# FIRE ENGINE ACTIVITY CENTER

## DESCRIPTION

The **Fire Engine Activity Center** provides kids with the excitement of using their imagination to fight fires without any danger at all! An eye-catching centerpiece made of solid wood with beautiful fire engine themed graphics, this realistic fire truck center provides endless play. Inside is a complete dashboard with pretend steering wheel, gearshift, key and ignition, and speedometers. On the hood, children move the cars and boats through the city maze, promoting eye-hand coordination and visual tracking through play! And a large Pathfinder bead path and moveable Gears are accessible from both interior and exterior, allowing for multiple children to play together and encouraging group play. A child magnet and beautiful addition to any play area! No loose pieces.
