COMMERCIAL

## HBF600 Series Tournant<sup>™</sup>

High-Performance Food Blender

Chop, Grind,  
Blend, Puree,  
Emulsify

with Unlimited Options

Powerful 3 Hp motor lets chefs puree soups, emulsify dressings, grind flours, and chop salsas and compotes

Unique, one-touch chopping function with speed control thoroughly chops solid ingredients

Adjustable speed dial offers chefs variable speed options

Patented jar design keeps ingredients circulating through the blades to ensure that contents are well-emulsified

**Large Dosing Cup**  
makes adding liquids for emulsions easy while blending

**Stackable 64 oz. (1.8L) Container**  
with measurement marks for ounces & metric mL

**Adjustable Speed Dial**  
offers the operator variable speed options

**One-Touch Chopping Function**  
cycles between low speed and operator-selected high speed for improved performance on difficult-to-blend ingredients

**Patented Container and Blade Design**  
designed to keep ingredients circulating through the blades to ensure that contents are well-emulsified

**Patented Jar Pad Sensor**  
4 magnetic connections prevent blending unless container is on correctly

**Temperature Gauge**  
alerts operator if motor overheats while blending back-to-back batches

**Powerful 3 Hp Motor**  
lets chefs puree soups, emulsify dressings, grind flours, and chop salsas and compotes
