

ZWILLING® KolorID

ZWILLING
J.A.HENCKELS

The ingenious 6 color ID button system easily identifies a knife to prevent cross-contamination during preparation; ideal for the conscientious chef. These precision stamped, finely honed, high-performance "NO STAIN" stainless steel blades combined with ergonomic, safe-grip handles make the ZWILLING® KolorID the perfect knives for the commercial kitchen.

HACCP & NSF approved.

ZWILLING® KolorID

ZWILLING
J.A.HENCKELS

A one-piece precision stamped blade for a lighter weight knife without sacrificing strength.

FRIODUR® blade, ice-hardened, high carbon, "NO STAIN" stainless steel for a remarkably sharp, flexible and corrosion resistant blade.

Precision-honed and laser controlled edge to ensure ideal cutting angles for sharpness and durability.

Non-Hydroscopic (won't absorb liquids) safe-grip synthetic handles safe up to 100°C / 212°F.

6 color buttons to identity food preparation tasks to prevent cross-contamination.

Made in Spain

ZWILLING. Passion for the best.
