

TWIN[®] Master

ZWILLING
J.A.HENCKELS

A one-piece precision stamped for a lighter weight knife without sacrificing strength.

FRIODUR[®] blade, ice-hardened, high carbon, "NO STAIN" stainless steel for a remarkably sharp, flexible and corrosion resistant blade.

Precision-honed and laser controlled edge to ensure ideal cutting angles for sharpness and durability.

Non-Hydroscopic (won't absorb liquids) safe-grip, molded polypropylene handles safe up to 100°C / 212°F. Handles available in 6 colors:

ZWILLING J.A. HENCKELS logo embossed on the handle.

Made in Spain

ZWILLING. Passion for the best.
